

# Come and join us in Kingsbridge in Bloom

## About us:

We are an independent friendly volunteer group who were formed in 2007.

## Our Aim:

To keep our town vibrant and attractive throughout the year with our horticultural displays.

## Cost:

There is no joining or membership fee and the time spent working with the group is entirely flexible to suit the individual member.

## Health and safety:

The group holds full insurance cover for our members through the RHS scheme. Individuals are requested to inform the Chairman or any committee member of any medical condition or allergies so that in the event of an emergency, appropriate action can be taken.

Two first aid boxes are situated just inside the Quay House garage on the shelf, left hand side.

When out working due consideration for safe working must be applied, particularly near a busy road.

## Motivation:

We are a gold winner at both regional and national Britain in Bloom campaigns which gives us motivation to continue with our work both now and into the future.

## Funding:

We are not affiliated to any local authority and raise our own funding. We are non-profit making and our funding is used for our plants and maintenance equipment.

## Skills:

No horticultural skills are necessary and we are always willing to share our work and expertise with other members.

## Communication:

We have an excellent website which is regularly refreshed and also use several social media platforms to promote our work.

**We would ask new members to access our constitution and other important on this website.**
