

IYN Update

Kingsbridge – Going for Gold 2019

This year the community of Kingsbridge will be celebrating their best ever Britain in Bloom Award and 800 years since the town received the Royal Charter to hold a market.

Our aim of KIB has always been to help keep our town thriving and attractive and there is no doubt that we have played our part in achieving this through the enthusiasm and dedication of our volunteers. - It comes as no surprise that once again Kingsbridge has been recognised nationally as one of the best places to live in the country.

This year is special as we have been nominated by the RHS to take part in the prestigious Champion of Champions National Finals which gives us the encouragement and drive to maintain our gold status.

We cannot do this without your IYN support and we are hoping that you will help us again this year with planting and maintaining the areas that you have successfully submitted in the past. It is well recognised by South West in Bloom (SWIB) that we have some of the best IYN's in the region.

If you could let us know if you would kindly support us again it would be very much appreciated. We will then submit the Kingsbridge IYN list to SWIB which will ensure that you will be sent any updates and newsletters from them direct.

IYN assessments will be between 1st and 29th July but we will make sure that you are made aware of the actual day in good time.

It is likely that 3 IYN's will be assessed on the day of the main town judging as part of the route itinerary and again we will make you aware of that day as soon as it is available.

Dates for your diary.

SWIB judging – 3rd to 17th July

National judging – 29th to 9th August

Regional awards presentation Newquay – 3rd October

We really value your efforts and should you require any support for your area please let us know and we will be happy to help.

An early reply with your email and current tel. number would be helpful

Many thanks
